

ABSTRACT

1 A wax decoration item is made by the method including the steps of mixing
2 preparing polyethylene wax, cyanide polymer and white wax to be a mixture by way of heating;
3 pouring the mixture in a mold and obtaining a wax item with fixed shape when removing the
4 mold; melting a colloid material to be a transparent liquid and coating the colloid material onto an
5 outer periphery surface of the wax item and the colloid material being not mixed with the wax
6 item; condensing the colloid material which is fixed on the wax item.
